

REVOCAION EVALUATION CONSENT and PROCESS FORM:

I acknowledge I understand the DUI Revocation Evaluation process as outlined below:

I am responsible for the following

1. **Providing Arizona DUI Services with verification of my identity through a copy of an identification card with photo.**
3. Signing and agreeing to this release of information indicating I authorize communication and reporting between **Arizona DUI Services, PLLC**, and the Arizona Motor Vehicle Division (MVD).
4. Based on information obtained in the DUI Revocation Evaluation, the Evaluator will make a final determination and recommendation to the MVD regarding the reinstatement of my driver's license.

I understand that the cost for this service is **\$90** and will be paid before the evaluation begins.

I understand the following will occur upon completion of my DUI Revocation Assessment:

The following information will be reported to the MVD within three business days after completion of the DUI Revocation Assessment:

- a. The date the DUI Revocation assessment was completed
- b. The Evaluator's recommendation for driver's license reinstatement
- c. A copy of the Evaluator's recommendation will be mailed to the address client has provided

I understand that the Evaluator will make their recommendation but the final decision for driver's license reinstatement will be made by the MVD. I understand that tele-DUI services involves the use of electronic information and communication technologies by **Arizona DUI Services** to deliver Tele-DUI services to an individual when he/she is located at a different site than the provider; and hereby consent to receiving DUI services to me through a secure video conferencing platform.

I understand that the laws that protect privacy and the confidentiality of my medical information also apply to tele-DUI services.

I understand that there are potential risks involving technology, including but not limited to: Internet interruptions, and technical difficulties. I understand that technical difficulties with hardware, software, and internet connection may result in service interruption and that the health care provider is not responsible for any technical problems and does not guarantee that services will be available or work as expected.
